LOUIE

COLLECTION

LOUIE SIDE TABLES

Grounded in the tradition of terra-cotta and amplified by a totemic approach, the Louie side table is iconic and timeless.

This collection of side tables has been developed with a heavy base in sealed earthy, terra-cotta and playful cylindrical steel.

With a soft natural finish, the design embodies simple elegance and like all pieces in the SP01 outdoor collection, work well both indoors and out.

MATERIALS

Table structure and top made of stainless steel, available in RAL9017 black.

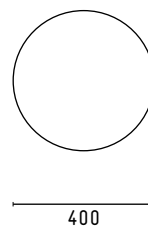

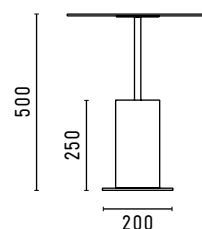

Table base available in sealed Terracotta. All finishes are suitable for outdoor.

DESIGNER

Tom Fereday, 2019
